Worksheet: More Practice Naming Ionic Compounds

Reveal each of the following ionic compounds one at a time, have students write the name of the compound on dry-erase slates, and hold them up for you to check once completed. This is a great way for you to ensure that each student "gets it".

CuF₂ KNO₂ $MqSO_3$ SrI₂ FePO₃ NH₄F BaCl₂ $Al(BrO_3)_3$ CaO Li₂S H₂SO₄ Na_3P FeBr₂ SnO_2 $Hg(OH)_2$ KHCO₃ $Ag_2S_2O_3$ Al_2S_3 Na₃Fe(CN)₆ KSCN
