

# SALSA

## Episode 117: “Happy Birthday, Monster!” - Activity 17

Provide your child with appropriate magazines. Ask him/her to search through the magazines and find five pictures of things that show “contento” (happy.) Have him/her cut out the pictures and then count them in Spanish to verify that he/she has found five. Select a picture and discuss why it shows “contento.” Paste each picture onto a sheet of construction paper. Assist your child in labeling the pages with the word “contento” and perhaps a sentence about the picture. Repeat the activity for “triste.” Compile the completed pages for “contento” and “triste” to make a book. Have your child assist you in making a cover, title page, and table of contents for the book. Read the finished book, after it is bound, with your child and make it available for continued reading pleasure.
