Directions: Select a group of countries (page 2). Research each country and tell what type of government it has: autocracy (dictatorship or monarchy), oligarchy, or democracy (presidential or parliamentary). Then, provide characteristics of this country that helped you determine the type of government.

| Country Name | Type of Government | Characteristics of the Country's Government |
|--------------|--------------------|---|
|              |                    |   |
|              |                    |   |
|              |                    |   |
|              |                    |   |
|              |                    |   |
