Evidence of Student Success

- Student will be able to accurately identify the story's plot element and conflicts.
- Student will be able to support his/her responses using academic language and textual evidence.

Considerations for Online and Offline Learning

- **Asynchronous:** Student works completely independently. Views PowerPoint and takes notes, reads/listens to short story, downloads Plot Diagram worksheet and uploads completed work to teacher for e-feedback.
- **Synchronous:** Instructor displays writing prompt, allows students time to reflect and prompts them to share on-line though live video or chat. Teacher presents PowerPoint or video and supplements explanations, asks questions, evaluates student understanding. Students read/listen independently, complete Plot Diagram handout independently, and teacher can choose to return to digital meeting platform to solicit student response and evaluate understanding. Alternatively, teacher could put students in electronic "groups" and allow time for group discussion and collaboration.
- **Offline/Unplugged:** Students are provided with printed materials: copy of notes, short story, and plot diagram and works independently.

Student Learning Supports

- Introduce elements of the plot diagram using ["Learn Plot Diagram Using Movie Clips"](#) (5:45 minutes).
- [Audio Version of "7th Grade"](#)
- Teacher may choose to record narration over PowerPoint
- Teacher may use a document camera to annotate the "Plot Diagram" worksheet with students and save share the file with students.
- Students who may struggle organizing information could use the Guided Notes PPT or Handout for notetaking.

Engaging Families

- Parents/Guardians may choose to read aloud with student or have student read to them.
- Parents can reinforce student's understanding of plot elements and conflict by using examples from stories and movies with which the student is familiar.

- **Synchronous:** Class meets via video-conference. Students highlight figurative language using highlighter tool in word processor and class discussion follows via tele-conference. Teacher uses video-conferencing to create small groups or pairs for completion of “Text-Based Question” and calls upon groups for responses.
- **Offline/Unplugged resources:** Print copies of text, plot diagram, and “Text-Based Questions” are provided to student who returns completed work to instructor.

Student Learning Supports

- Teacher may choose to structure the reading, discussion and text-based questions as whole class discussion, think-pair-share, independent written response, or group work, etc. depending upon students’ needs and abilities.
- Have students who are struggling share their screens with the teacher or text/email their teacher with questions.
- Students may require sentence starters to answer questions in complete sentences.

Engaging Families

- Parents/guardians should encourage students to highlight key words from the “Text-based Question” handout to assist students in the completion of the assignment.

- Summarizes and celebrates progress.

Evidence of Student Success

- Student is able to accurately identify at least four textual examples descriptive of the sweater and provides a logical explanation as to what that example symbolizes.

Considerations for Online and Offline Learning

- **Synchronous:** Employs video-conferencing with live instruction and virtual “pop-ins” on small group or individual students to assess understanding of key concepts.
- **Asynchronous:** Student takes notes on symbolism, completes handout “Eleven – Symbolism & The Sweater” and uploads it to teacher.
- **Offline/Unplugged Resources:** Student is provided with print copies of PowerPoint and handout “Eleven – Symbolism & The Sweater” and delivers completed work to teacher.

Student Learning Supports

- **Struggling Learners:** Use “Symbols All Around Us” handout to support primary concept.
- Key concepts are delivered using audio/visual resources. Activities allow for differentiation by small group or partner-collaboration by ability. Teacher may choose to provide textual evidence for the handout “Eleven-Symbolism & The Sweater” or reduce/expand the number of textual examples.
- **Accelerated Learners:** Students may create “family crests” using symbolism to represent their personalities.

Engaging Families

- Use “Symbols All Around Us” handout to support primary concepts. Brainstorm with student to identify other common symbols with which students may be familiar.
- Create a “Family Crest.” Identify key qualities which describe your family and brainstorm symbols that would represent those qualities (courage = lion; faith = cross/Star of David, etc.)

- Ensures all students have a copy of their group's flow map with revisions based on class discussion.

Evidence of Student Success

- Students engage in independent or collaborative work
- Achieves 80% accuracy in identifying textual evidence
- Justifies responses using critical thinking

Considerations for Online and Offline Learning

- **Synchronous:** Teacher employs video-conferencing to engage and informally assess students in class discussion and virtual groups.
- **Asynchronous:** Teacher records opening comments and students respond in on-line discussion format. Student downloads "Flow Map," independently completes assignment and uploads for teacher assessment.
- **Offline/Unplugged resources:** Student is provided a print copy of "Flow Map" and returns it to teacher for assessment.

Student Learning Supports

- Encourage students to brainstorm characteristics representative of different age groups (babies, toddlers, young children, teenagers, and adults).
- Collaborative grouping based on student skill mastery; audio/visual learners are supported.

Engaging Families

- Parents/guardians can support their students by helping students to identify characteristics representative of different age groups (babies, toddlers, elementary school children, teenagers, and adults).

Evidence of Student Success

- Summative assessment of students' reading comprehension and critical thinking and ability to provide textual evidence as justification, write a multi-paragraph essay with introduction and conclusion, and use proper grammar will be determined per the standards-based rubric.

Considerations for Online and Offline Learning

- **Synchronous:** Teacher employs video-conferencing to engage and informally assess students in class discussion and to address students' questions.
- **Asynchronous:** Teacher records opening comments, warm-up, and culminating writing prompt (PowerPoint) and students respond in on-line discussion format. Student accesses PowerPoint and rubric; uses word processing software to craft essay, and uploads to teacher.
- **Offline/Unplugged resources:** Student is provided a print copy of the PowerPoint and the rubric. Student hand writes essay (2 pages double spaced) and submits it to teacher for assessment.

Student Learning Supports

- Students may wish to access on-line writing sites for help with grammar, word choice, and spelling
- Scaffolding is provided by the flow map.

Engaging Families

- Parents and guardians can support their students by helping them keep their class materials organized and accessible.
