Let's Go Shopping

Step 1 Make a list of each item in your shopping basket. Be sure to also include the cost of each item.	Step 2 Using math strategies, find the answers to the following questions. You may use the back of this sheet as your workspace.
ITEMCOST	1. How many items do you have in your basket
	2. What do you think is the total cost of your basket? What is your estimate?
	3. What is the total cost of every item in your basket?
	(Hint: You will need to add the cost of each item.)
	4. If you have \$5.00 to spend, how much money would you have left over after you pay for each item in your basket?
	(Hint: You will need to subtract the total cost of your basket from \$5.00.)
	5. What is the total cost of FOOD items in your basket?
	6. What is the total cost of NON-FOOD items in your basket?
	7. Do you have more food items or more non-food items in your basket?
